

R E M A R K S

Claims 1-32 are under consideration. Claims 33-58, which were withdrawn from consideration by the Examiner, have been cancelled without prejudice or disclaimer. Support for the amendment to Claims 6, 14, 15, and 27 is found in the Specification on Page 10 in paragraph 0037. The amendments to Claims 6, 14, 15, and 27 are not believed to necessitate any new grounds for rejection.

The indication of allowability for the present claims is noted with sincere appreciation.

The Declaration under 37 C.F.R. 1.132 accompanying this Response concerns the experimental data submitted in the previous Response as Exhibit B, as requested by the Examiner.

The Examiner is thanked for her time and her guidance regarding the present Office Action during the telephonic conference held on June 21, 2006, with the undersigned.

Rejection under 35 U.S.C. 112, second paragraph

Claims 6 and 15 remain rejected under section 112, second paragraph, as allegedly indefinite due to the phrase "partially halogenated aluminoxane." Original Claim 27, which also contained the phrase "partially halogenated aluminoxane" was rejected in an earlier Office Action. Claims 6, 15, and 27 as amended no longer contain the phrase "partially halogenated aluminoxane."

It is submitted that Claims 6, 15, and 27 as amended do particularly point out and distinctly claim subject matter the Applicants regard as the invention. Therefore this rejection no longer applies, and should be reconsidered and withdrawn.

In light of the foregoing amendments and remarks, the case is believed to be in condition for allowance. Prompt notification to this effect would be sincerely appreciated.

If any matters remain that require further consideration, the Examiner is requested to telephone the undersigned at the number given below so that such matters may be discussed, and if possible, promptly resolved.

Please continue to address all correspondence in this Application to Mr. Edgar E. Spielman, Jr. at the address of record.

Respectfully submitted,
